

## ***Tamro MedLab changes name to OneMed***

Effective as of February 1<sup>st</sup> 2007 Tamro MedLab changes its name to OneMed.

In the summer of 2006 Tamro MedLab Group was sold from Tamro corporation to the equity investment company CapMan. During the autumn Seleftrade AB and Förbandsmateriell AB were acquired and put into the same group. Now the time has come for a name change for all the Tamro MedLab companies.

OneMed has been a trademark within medical supply since 2003, and when the companies was to change their names, OneMed was a natural choice for company names and OneMed Group Oy as a name for the owning company in Finland.

OneMed Group has approximate NOK 1800 mill. in turnover and 400 employees. The group has companies in all the Nordic countries as well as the three Baltic countries. OneMed is a market-leading supplier in the areas of medical supply and laboratory products.

For our customers, our suppliers and all other external business partners, the change of name to OneMed – as part of OneMed Group, means that we will be able to develop further as a partner to our relations in supplying products for healthcare and laboratory purposes, and may in the future give us opportunities to supply products and services beyond those we can offer today, and thereby make as an even better and stronger partner.

We hope that the change of owners and of name will be positive both to our selves and to our customers as well as all other external partner.
